

**FOR IMMEDIATE RELEASE**

**Green Technology Education Focus of Oxygen Education  
Innovations 2010 Presentation**

*Green technology and sustainability training provides community college students highly marketable skills.*

**Indianapolis, Ind. – March 23, 2010 – Oxygen Education, LLC**, a market leading developer of online learning content for technical education and workforce development, today announced that it will present “Customized Online Education: Lean & Green” at the **League for Innovation in the Community College Innovations 2010** conference in Baltimore, Maryland on March 28, 2010. The presentation will showcase Oxygen Education’s green technology and lean techniques online learning content. Community colleges implement Oxygen Education content in advanced manufacturing certificate and degree programs and for workforce training.

“The role community colleges play in educating America’s workforce is critical to local economic development,” said Mike Fitzgerald, Oxygen Education president. “Implementing Oxygen Education online learning allows colleges to create advanced manufacturing, green technology, alternative energy, and lean techniques programs tailored to local training needs without requiring a significant investment of time and money in content development.”

The Oxygen Education Innovations 2010 one hour forum session “Customized Online Education: Lean & Green” will begin at 2:15 p.m. on Sunday, March 28 in the Hilton Baltimore Key 12, Level 2. All conference attendees are invited to attend the session. Conference participants are also invited to visit the Oxygen Education exhibit, booth #100, for a personalized demonstration of Oxygen Education’s ready-to-implement online learning content for technical education and workforce development.

The League for Innovation in the Community College’s Innovations 2010 conference assembles today’s foremost education professionals to share their expertise and explore the latest developments in the community college. The conference is hosted by Anne Arundel Community College, Baltimore City Community College, Community College of Baltimore County, Montgomery College, and Prince George’s Community College.
