

FOR IMMEDIATE RELEASE

Lean Is Green Webinar Registration Now Open

Free webinar examines how lean techniques and green technologies are impacting the world of work.

Indianapolis, Ind. – March 31, 2010 – Oxygen Education, LLC, a market leading developer of online content for technical education and workforce development, today opened registration for its **Lean Is Green Webinar**. As lean practices and green technologies impact existing and emerging jobs and workforce training, the Lean Is Green Webinar will discuss green jobs, define and demonstrate how lean practices are inherently green, and offer solutions for preparing learners and workers for the lean, green revolution.

The **Lean Is Green Webinar** is free and open to the public.

Date: Wednesday, April 28, 2010

Time: 2 PM EDT / 11 AM PDT

Duration: 45 minutes + 15 minutes live Q&A

Register for the Lean is Green Webinar to learn:

- How green technologies are impacting the world of work.
- What lean practices are, the different tools of lean, and the dramatic results lean is delivering across sectors.
- Green and lean training that gives students and workers a competitive advantage in the workplace.
